A Premium Clean Without the Premium Price

Stainless Steel Scrubbers*

"300" Series Stainless Steel Scrubber – Wide band construction. The strongest stainless steel scrubber in the world. FDA and USDA accepted. Will not rust, corrode, or splinter. Made with 18% chromium and 8% nickel wire.

"400" Series Stainless Steel Scrubber – Sturdy, yet economical. FDA and USDA accepted.

Brass & Copper Scrubbers – Made for cleaning softer metals.

Nylon Scouring Pads

Medium Duty Scouring Pads "#96" – General purpose cleaning for pots, pans, dishes, countertops, tile, and even vegetables.

Heavy Duty Scouring Pads "#86" – 6" x 9" thick, heavy abrasive for tough jobs such as baked-on food deposits and hard to reach places on floors. Replaces scrapers and steelwool pads.

Extra Heavy Duty Blue Pot Scrubbers "#88" – 3 1/2" x 5" thick, tough and extra abrasive stands up to baked-on foods and crusty equipment. An alternative to stainless steel scrubbers.

Light Duty White "#98" – Non-abrasive specially designed for cleaning porcelain, glass, fine china, Plexiglass™, sneeze guards and other delicate surfaces.

NOTE: All nylon pads are USDA accepted for Federally inspected Meat and Poultry Plants.

Scrubbing Sponges

Medium Duty – Yellow sponge with medium, green back cleans ovens, walls, countertops, sinks, bathrooms, and tables. Rinses easily.

Light Duty – Yellow sponge with light duty non-abrasive back is ideal for porcelain, china, Teflon™, and Silverstone™. Won't scratch Plexiglass™ or other sensitive surfaces.

NOTE: All scrubber sponges are wet packed with an anti-bacterial.

Griddle Cleaning System

Heavy Duty Grill Screens – Open mesh screen resists clogging. Tough aluminum oxide abrasive eliminates the toughest burnt-on food. Fast cleaning action leaves no mess and residue on grill.

Griddle Polishing Pads – Dual purpose pad. Used with grill screen and holder, the griddle pad maximizes screen life and minimizes loading. Used alone with holder, griddle pad adds final polish to make future cleaning easier.

Griddle Pad Holder – Heat resistant to 400°, this high impact plastic handle protects hands from grease and burns. Gripping "fingers" hold griddle pad firmly to holder.

Griddle Brick

Scrubble® Brand Products is proud to be the only supplier to the foodservice industry that manufactures its own grill brick. We are able to guarantee quality assurance. This product cleans hot grills quickly with little effort. Will not scratch grill nor lift surface cure. Grill Brick carton comes with disposable grill brick holders.

Soap Pads

Steel wool soap pads are made of fine steel wool and fully saturated with cleaning formula for greater sudsing and cleaning power. Large "Hotel Size" helps tackle tough baked-on food particles and other cleaning problems.

The only manufacturer of scouring products that is dedicated to supplying a complete, quality assured line for the foodservice and paper/janitorial industries.
