Tomorrow's Technology is Here Today!

# TURBOSTRIP™

SEGMENTED ROTARY PAD  
PATENT PENDING

"The pad ate through  
10 years of wax buildup  
like a hot knife through butter!  
And it reached all areas  
of the uneven floor  
while saving 50% of the  
hours I had planned."  
David Lee at TS Tech

**Ultimate Wax Removal  
Less Loading - Longer Wear**

# TURBOSTRIP™

SEGMENTED ROTARY PAD  
PATENT PENDING

## Ultimate Wax Removal, Less Loading, Longer Wear

*For operators that demand ultimate performance, here is a patent pending, proven technology to give you up to 5X faster finish removal than a standard black strip pad.*

The ACS Turbostrip™ Segmented Rotary Strip Pad features 24 polygonal segments with overlapped angular edges that bite into floor wax aggressively. Independent lab tests show that the ACS Turbostrip™ Segmented Rotary Strip Pad achieves up to 5X faster wax removal than standard black strip pads depending upon the number of coats to be removed. ACS Turbostrip™ Segmented Rotary Strip Pad dramatically reduces excess floor wax on strip pads. The pad life increases while the floor stripping work is completed faster.
